Project Description:

Click or tap here to enter text. Briefly provide an overview of the total Federal unit or project area (e.g., Special Recreation Management Area, National Wildlife Refuge). Describe why the unit was created, what makes it important, and its benefit to the public. Include references to any current relevant legislation or public planning process which relates to the designation of the unit.

Purpose / Need:

Click or tap here to enter text. Briefly describe the significance of the land acquisition, its purpose and need, and how the Federal acquisition of land, or interest in land, would be beneficial for management and/or public use. This section is specific to the proposed acquisition, such as the number of parcel(s)/ tract(s), if it is phased (multi-year) or if the appropriations would complete the project that fiscal year; how many acres would be protected or expanded for access; partners that have been instrumental in working to protect the resource at this point in time; and what resources are included. Include examples of how the project meets the following categories: access, cultural or historic, fire, hunting, fishing, species of concern, water, working lands and cost share.
